Application

- perfect for mobile use: Indoor and Outdoor
- ideal for festivals and stage technology – live and flexible are the main things
- optimal for fixed installation in studios and for broadcast

Advantages:

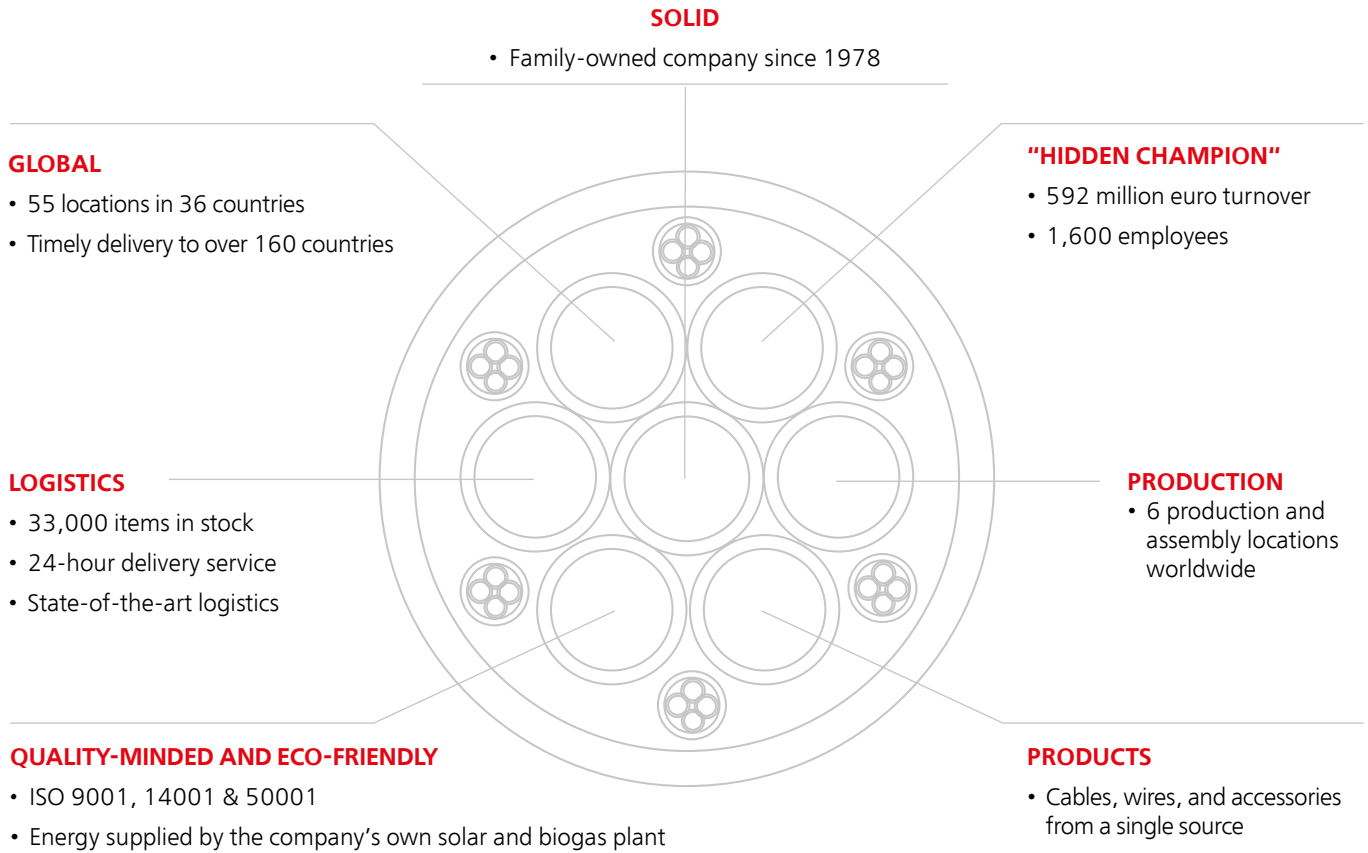

- extremely flexible and simultaneously robust – mobile, simple and quick installation
- special soft PVC sheath (optimal haptic) and stranding class 6 ensure maximum flexibility with high stability
- ideal for small drums – power saving and effortless use
- long durability due to ideal stranding (resistance to corkscrews)
- suitable for fixed installation – double stock holding is not necessary
- high quality due to in-house production - even even with changed properties of individual batches
- customized meter marking of the sheath free of charge
- one contact person for all audio cables – HELUKABEL offers a complete range of audio cables with the HELUSOUND® series
- **CE** = Product complies with the Low-Voltage Directive 2014/35/EU
